

Surf to Snow Environmental Resource Management

Statement of Qualifications

Surf to Snow Environmental Resource Management, Inc. (S2S ERM®) is a California Department of General Services-certified Small Business and Disabled Veteran Business Enterprise.

Firm Profile

Surf to Snow is an environmental leader, recognized for excellence in serving and partnering with local businesses and communities. We help our clients manage environmental resources that may be impacted by construction and other ground-disturbing projects. We provide the best possible environmental protection and enhancement while ensuring that our clients are best represented.

Our expertise includes:

- stormwater management: SWPPPs, BMP design, installation, and removal; site restoration/closure and facilities stormwater management
- environmental permitting and biological monitoring
- plan and project development and implementation
- quality assurance and quality control planning (QA/QC)
- landscape design and site restoration
- FERC hydroelectric relicensing and license implementation
- water quality and temperature monitoring
- regulatory compliance, including CEQA/NEPA, Regional Water Board Basin Plans and Section 401 water quality certifications, State Water Resource Control Board Integrated 305(b)/303(d) reports; Army Corps Section 404 permits, CA Fish and Wildlife Section 1600 permits; local and regional permits

We support companies that need help assessing and managing environmental resources and stormwater issues associated with large- and small-scale projects.
